AWARD

By Government of India, Ministry of Labour, Order No. LR 90(15)/55, dated the 23th June 1955, the dispute between the Bharat Fire and General Insurance Limited, New Delhi, and the Bharat fire Insurance employees Union, New Delhi, and Calcutta, on behalf of the workmen in the head office and all the branches of the company, relating to matters detailed in the schedule attached thereto, has been referred to this Tribunal for adjudication.

2. Notices were issued to the parties. The parties filed their respective written statements. After the closure of the evidence by the parties, a compromise was arrived at, on an application filed by the management under Section 33 of the Industrial Disputes Act for retrenchment of practically the whole of the staff.

According to the terms of the compromise contained in Exhibit A/1, out of 94 workmen 87 have been retrenched and only seven remain in service. So this reference has lost its importance as it now concerns only seven workmen. The other workmen are concerned only regarding bonus and any other relief which may be granted with retrospective effect. Considering the bad financial position of the company which has led to the stopping of the insurance business, the grant of any relief with retrospective effect is not justified. So except the question of bonus, the other issues relate to seven workmen only and do not need any elaborate discussion.

3. I take up issue No. 1, 2, 4 and 5 regarding salary, scales, classifications of employees, adjustment in scales, and dearness allowance together.

Little evidence regarding the grades is present on the record but the matter can be decided on the basis of other awards regarding the insurance companies. I recently disposed of Reference No. 1 of 1955 regarding the Pandyan Insurance Company Limited, by my order, dated 18th June 1955. The gross premium income of Pandyan Insurance Co. Ltd., fairly compares with the gross premium income of the present company. In the case of Pandyan Insurance Co. Ltd. I have dealt with several agreements between the different insurance companies and I came to the conclusion that proper grades for a company of the present standing should be as follows:—

Grade B Rs. 70—4—166.

Grade A Rs. 110—7—201.

A special grade, the scale and increment of which should depend upon the discretion of the management.

In terms of the compromise marked Exhibit A/1, the management has retrenched 87 of its workmen and now only seven workmen remain, out of which two are peons. The clerical staff consists of the following persons:

	Designation	Basic Salary.	D. A.
1. K. K. Saran.	In charge Estt. Estate & Pu chase.	Rs.384/-	36/-
2. K. N. Sharma	In charge Type Section.	254/-	36/-
3. R. L. Garg	In charge Re-insurance	294/-	36/-
4. Raj Bahadur	Assistant.	177/-	36/-
5. Ram saran	Assistant	179/-	36/-

The workmen marked 1 to 3 come under special grade and this leaves Raj Bahadur No. 4 and Ram Saran No. 5. They be adjusted in the next higher stage in grade 'A'. So far as dearness allowance is concerned, I fix dearness allowance at 33 per cent. of the basic salary, but Rs. 35, will be the minimum and Rs. 67, the maximum.

So far as the subordinate staff is concerned, I fix the grade as follows:—

Rs. 32—2—54—1—67, as fixed in the Bank Award for class D banks in area I. They will also get dearness allowance at the flat rate of Rs. 13, per mensem. The present peons will be adjusted in the next higher stage in the said scale.

4. The union has examined J. K. Jain, L. N. Modi and N. G. Shaw. J. K. Jain is the principal Officer of the company, L. N. Modi, is a director of the company and N. G. Shaw is the Assistant Manager of the company but instead of supporting the union they supported the company's case. It has been shown that the company has been able to declare dividend only in 4 years during its existence of 13 years and that at the rate of 3 per cent. on ordinary shares. It has not been able to declare any dividend on deferred shares. Shri L. N. Modi wrote the letter, dated 22nd July 1955 marked Exhibit R/2 to the Controller of Insurance

pointing out that due to various factors their expense ratio will increase in the next year from 20 to 30 per cent. over the permissible ratio Exhibit R/4 is the reply sent by the Assistant Controller of Insurance saying that he is unable to advise in the matter and the company should be guided by its own advisers. A meeting of the Board of Directors was held on 13th August 1955 in which it was resolved as follows:—

"Considered the letter, dated 22nd July 1955 addressed by the Company to the Controller of Insurance in pursuance to the decision taken at the meeting held on 18th July 1955 and the letter No. 6-IC(I)/55, dated 9th August 1955 received from him in reply. The office note, dated 13th August 1955 from Shri P. N. Sharma, Secretary to the Director, elucidating the position outlined by Shri N. G. Shah, Assistant Manager of the company in his office note, dated 16th July 1955, placed and considered in the meeting held on 18th July 1955 together with an office note, dated 16th July 1955 from Shri J. K. Jain, the Chief Accountant of the company, outlining the return that the Company has been able to give to its ordinary shareholders was also placed on the table and considered.

The Board discussed the serious situation in respect of the insurance business of the company and having regard to the various circumstances as outlined in the documents above referred to, it came to the irresistible conclusion that the future working of the insurance department would be a losing proposition and in the absence of any future prospects towards its better development the only course open was to close the insurance business. It was, therefore, **RESOLVED** that with effect from 1st September 1955, the company should cease doing any insurance business and Shri L. N. Modi, Director was authorised to take all the necessary steps including closure of branches and retrenchment of their staff, settlement of accounts with reinsurance companies, dispensing with the services of the staff rendered surplus at the Control Office and all other relevant steps to implement the decision of closing the insurance business.

It was further **RESOLVED** that the policies of the company that would remain in force as on 1st September 1955 should be continued till the date of their expiry and the constituents of the company be informed that the company could not accept renewals."

This resolution was adopted by the shareholders in a general meeting. Consequently the company stopped its insurance business with effect from 1st September 1955. 87 workmen out of 94 have been retrenched according to the terms of the agreement marked Exhibit A/1. From the perusal of the proceedings under Section 33 it will appear that the company having stopped its insurance business, it wants to convert itself into a financing concern for which steps have been taken. An application for liquidation of the company is also pending. So this is the worst time for the workmen to get their wages fixed. It would have been better for the workmen to wait till the company was liquidated or emerged out as a financing concern. Under the present situation I can only say that the company has got to pay the minimum wage when it cannot afford to pay higher wages. The gross premium income of the company has been ranging from Rs. 16 lakhs to 18 lakhs and therefore I have classified it with those companies whose premium income is about the same.

I have already pointed out that considering the bad financial position of the company it is not proper to give a retrospective effect to the wages fixed.

5. *Issue No. 3—Promotion.*—The promotion is a matter which entirely rests with the management and no rules can be laid in this respect.

6. *Issue No. 6—Consolidating dearness allowance.*—No case has been made out for the merger of dearness allowance with the basic salary. If it is done it will upset the whole wage structure. I therefore hold that the dearness allowance should not be consolidated with the basic salary.

7. *Issue No. 7—House Rent Allowance.*—The workmen have claimed house rent at the following scale:—

Grade A employees at the rate of Rs. 10 per mensem.

Grade B and C employees at the rate of Rs. 15 per mensem.

Grade D employees at the rate of Rs. 20 per mensem.

The management has denied its liability to pay any house allowance and it has contended that the salaries paid by them include the house rent as well. I think an allowance of this kind is necessary in big cities like, Delhi, Bombay, and Calcutta. Considering the financial condition of the company I think house rent allowance should be paid at the following rate:

Peons, bearers and the like: Rs. 7 per mensem.

Clerks upto Rs. 150 per mensem: Rs. 10 per mensem.

Clerks upto Rs. 200 per mensem: Rs. 15 per mensem.

8. *Issue No. 8—Machine allowance.*—The workmen demand that all stenographers, steno-typists and computers be paid Rs. 20 per mensem as machine allowance. I think the salaries of these persons are fixed taking in view the fact that these men will have to handle these machines. So no case has been made out for the grant of this allowance.

9. *Issue No. 9—Bonus.*—A perusal of the balance sheet for the year ending 31st December 1954 will reveal that the total profits for the year amounted to Rs. 1,37,335.

Income Tax at the rate of As. 7 per rupee.	about Rs. 60,000
Dividend on preference shares at 5%.	Rs. 80,625
Dividend on ordinary shares of the value of Rs. 28-90-200 and on deferred shares of the value of Rs. 2,50,000 at 6%.	Rs. 1,84,386
Interest on reserves employed as working capital amounting to about Rs. 18,00,000/ at 2%.	about Rs. 28,000
Bad debts	2,000
					<hr/> 3,13,011

Thus, following the Full Bench formula, no surplus is available for distributing any bonus. Hence no bonus can be awarded.

10. *Issue No. 10—Provident Fund.*—The demand of the workmen is that an employee should be allowed to contribute 12½ per cent. of his salary (basic salary plus 50 per cent. dearness allowance) and the equal amount should be contributed by the company. The reply of the company is that the company is already contributing 9½ per cent. which is unusually high. It is pointed out that even Sastry Awarad recommended that subscription should be 8½ per cent. for A and B class banks and 6½ per cent. for C and D class banks. The comparative chart marked C/2 filed by the company shows that the other companies also pay provident fund ranging from 6½ to 8½ per cent. In fact this company is already paying at a higher rate viz. 9-3/8 per cent. So no increase can be made regarding the contribution by the company. An employee should be allowed to contribute to this fund since the date of his confirmation. Interest at 4 per cent. cannot be guaranteed. The balance at the credit of each subscriber is intimated every year, so it is not necessary to issue pass books. The investments from the fund are made in accordance with the provisions of the Indian Trust Act, 1882.

11. *Issue No. 11—Gratuity.*—The company is paying 15 days basic salary for each year of service on completion of 10 years of service, and the maximum payable is six months salary. The company pays 12 months salary after 20 years service. Payment of 15 days basic salary for each completed year of service is alright but I see no reason for the rule that nobody should be allowed to have gratuity who has put in less than 10 years of service. Every employee shall be entitled to gratuity at the rate of 15 days basic salary for each year of completed service upto 19 years. If an employee has completed one year service he will be entitled to 15 days basic salary as gratuity. If a man has put in 20 years service, he will be entitled to 12 months salary as already given by the company. The maximum limit will be 12 months salary. For the purpose of calculating the years of service, more than 6 months' service will be treated as one year's service and six months or less will be ignored. If a workman is dismissed for misconduct involving financial loss to the company, he will forfeit his gratuity to the extent of the financial loss.

12. *Issues 12 and 13—Working hours and Overtime.*—The present working hours of the company are 10-30 A.M. to 5-30 P.M. with an interval of half an hour for lunch from 1-30 to 2 P.M. on week days and from 10-30 A.M. to 2 P.M. on Saturdays with no lunch interval. I think the company should give an interval of one hour from 1 to 2 P.M. But in case the company gives an interval of half an hour the working hours should be from 10-30 A.M. to 5 P.M. Thus the actual working hours will be six hours and not 6½ hours as at present. No change need be made for Saturdays.

13. So far as the subordinate staff is concerned, they should attend the office half an hour earlier and leave the office half an hour later than the normal working hours fixed for the clerical staff.

14. So far as the overtime allowance is concerned, I think no overtime is to be paid if a workman is made to sit for half an hour beyond his normal working hours. So far as the wages for overtime are concerned, the employees will be entitled to 1½ times the basic salary plus dearness allowance. The monthly wages will be divided by 26 days in order to work the daily emoluments. The overtime will start after working for six hours on week days and 3½ hours on Saturdays. If a clerk is made to work on any Sunday then he will be entitled to 1½ times his normal wages besides a compensatory holiday. The total working hours in a week will not exceed 48 hours.

15. So far as the lower grade staff is concerned they will be paid overtime at 1½ times their wages (basic salary and dearness allowance), if they work beyond 7½ hours.

16. *Issue No. 14—Conveyance allowance.*—When an employee goes on company's business, the actual expenses are paid by the company. I do not think the company is rich enough to be saddled with the burden of paying conveyance allowance for attending office.

17. *Issue No. 15—Leaves.*—No case has been made out for changing company's leave rules.

18. *Issue No. 16—Security of Service.*—The principles laid down in Sastry's Award, Chapter XXV, Section III, under the heading "Procedure for taking disciplinary action, published in the Gazette of India, Part II, Section 3, dated 20th April 1953 under S.R.O. No. 738, dated 26th March 1953, should be followed in this respect.

19. *Issue No. 17—Retirement.*—There appears to be no reason to disturb the present retirement age which has been fixed at 55 years. It is upto the management to grant extensions upto the age of 58 years in individual cases, if in their opinion his efficiency has not been impaired and he is otherwise fit.

20. *Issue No. 18—Recognition of Union.*—It is not an industrial dispute. So no directions can be given in this respect.

21. *Issue No. 19—Medical Aid.*—Under the present financial condition of the company, the company cannot be burdened with such expenses.

22. *Issue No. 20—Holidays.*—This matter has already been a subject of an award given by Shri Ram Kanwar, Member, Industrial Tribunal, Delhi, dated 20th March 1954 and there appears to be no reason of upsetting the finding.

23. *Issue No. 21—Transfer of employees.*—Transfer lies in the hands of the management, unless it be a case of victimisation.

24. *Issue No. 22—Tiffin.*—No tiffin allowance is necessary.

25. *Issue No. 23—Library.*—Under the present financial condition of the company, the question of opening of a library and that for seven employees does not arise.

26. *Issue No. 24—Union Office.*—Considering that only seven hands are being employed by the company, this demand cannot be met.

27. *Issue No. 25—Late coming.*—According to the present rule (Annexure G to the written statement of the company), the members of the staff who came to the office after 10-30 A.M. for more than four days forfeit 1/8th of their salary for each day they come late, and those members of the staff who attend office after 11 A.M. (not later than 11-30 A.M.) forfeit their half day's salary, for that day.

This requires an amendment to this extent that four days should be read as four days in a month and out four days in a year, i.e., if any employee comes late for four days in a month, no action will be taken against him but if this limit is exceeded then he will lose his salary as laid down in Annexure 'G'.

28. *Issue No. 26—Cash Security Deposit.*—As the company will now work as a financing concern, I think the rule about the cash security deposit need not be changed.

29. *Issue No. 27—Confirmation.*—After one year's service, confirmation should take place in the ordinary course unless something is found against an employee and in that case after a warning to the employee, confirmation may not take place for another six months. After 18 months the company must make up its mind to retain an employee or to dispense with his services.

30. *Issue No. 28—Officiating allowance.*—If any employee officiates in a post with a higher salary, he should get half the difference between his present salary and the salary of the person for whom he officiates, besides his present salary.

31. *Issue No. 29—Outdoor allowance.*—No case is made out for outdoor duty allowance.

32. *Issue No. 30—Children allowance.*—No such allowance can be granted under the present financial condition of the company.

33. *Issue No. 31—Appointment of Daftri.*—Considering the fact that only seven hands including peons form the present staff of the company, the post of a daftri is not called for. The matter can be reviewed if the staff is increased.

34. *Issue No. 32—Despatch peon allowance.*—No allowance to a despatch peon can be granted, according to the present status of the company.

35. *Issue No. 33—Cyclostyle machine allowance.*—No case for cyclostyle machine allowance is made out.

36. *Issues 34 and 36—Recruitment rules and New appointments.*—Recruitment rules and new appointments rest with the management.

37. *Issue No. 35—Standing Orders.*—Considering that the staff of the company consists of only seven clerks and two peons, no special standing orders are necessary. The company should be guided by the principles laid down in various awards.

38. *Issue No. 37—Graduate Allowance.*—When a candidate is appointed, his qualification that he is a graduate will be duly considered but no separate allowance in this respect is called for.

39. *Issue No. 38—Merger of typing allowance.*—The company is left with only one typist who was in fact in charge of typing section. He is drawing Rs. 254, and does not need any typing allowance.

40. *Issue No. 39—Increments for the year 1955.*—This matter has already been dealt with respecting the present seven employees.

41. *Issue No. 40—Curtailment of existing rights and privileges.*—Nothing definite has been urged before me in this respect.

42. *Issue No. 41—Imposition of fines.*—Nothing particular has been urged before me in this respect.

43. *Issue No. 42—Retrospective effect.*—I have already stated that considering the present financial condition of the company, it would not be proper to give any relief with retrospective effect.

44. I pass my award according to the above findings.

The 6th January 1956.
